

Group Records Report
May 2010

Hi all! Here we are time for our Spring Conference once again. I will have the district's records to them before the conference. After the conference I will make any changes and publish a directory that I will distribute as a document file.

A couple of things that would be useful:

1. If everyone could use the new GR 1 forms. This is available on the member's web site.
2. When submitting a new GR or CMA please include phone and e-mail for everyone. It is much easier to contact through email and will help down the road as we go green.

We have to remember that the GR & the CMA do not have to be the same person. When I get a new GR listing, right now, I assume they are also the CMA. If a group has both you need to make sure that the appropriate spaces on the GR1 are used. All spaces do not need to be filled in ONLY the information that is changing, along with meeting information, and the group WSO number.

All information can be sent to me by email, which is easier for me not to lose. Please enter the information as if it were on the GR1, because I fill out an electronic version of the GR1 to send to WSO. I am working on getting a version to be placed on the NYN web site that can be used to submit the information to group records via the Web. (Any form wizards HELP).

See everyone in a week! Will provide total number as my hot topic!!

As always KISS
Keep it simply simple

George
