

Fall AWSC 2010  
August 21, 2010

As Forum Coordinator:

Each registered group with a Current Mailing Address (CMA) is continuing to get a free subscription to the Forum. Drs please check your CMA lists to determine if the Forum is actually getting to the group itself. Please encourage your GRs/Contact people to fill out the survey that came with the complementary copy of the Forum recently.

The New York numbers are in. There has been a 17% increase in Forum subscriptions from May 2009 to July 2010. With the NYN area accounting for approximately 42% of the total groups in the state, a 42% increase may be a NYN area goal.

Please send me your submissions for an “Info Sheet” on the Forum. The Fellowship Communications Committee is looking for ways groups use the Forum during their meetings, how they encourage individuals to subscribe to the Forum or how groups encourage submissions of articles to the Forum. This “Info Sheet” will be compiled and distributed to the membership in the NYN Area.

We need to keep up the good work.

Gratefully Submitted, Gina C
