We are currently sending 364 Newsletters to members and groups via US Postal Service using Bulk Mail. We are sending 115 Newsletters via email and the Newsletter appears on the NYN Web Site with all last names edited out of each issue. I have prepared a CD copy of the 2010 Newsletters for archival purposes.

I will be presenting at the 2011 Spring Convention/Assembly, the Newsletter Coordinator portion of "Hats on for Service". I will explain what the Newsletter Coordinator position entails so please think about stepping up to service.

I have cut and pasted all email addresses into a listserv that has been setup on our New York North current Web Server Service. Now that this task has been completed, the April and May issue of the Northern Hi Lights were sent from the listserv not from distribution lists on my computer. We will soon begin a campaign to have all members consider getting their Newsletter via email from our NYN Web Server Service.
