Archives Coordinator Report**

I received an inquiry from WSO as to whether any Archive Coordinators had used the AR-1 Longtime Member Questionnaire. I had not. I have never heard of the form. The AR-1 form is meant to given the member that have been in the program 25 years or more. It has questions regarding the members early years in the program, their experience with twelve step work, sponsorship, and how thing have changed for them. My plan is to make this form available at the Fall Assembly with some kind of display (it's still formulating in my head). I am also going hopefully put the form in the Newsletter. I will ask members to send me there responses and hopefully in the future report back the history of AI-Anon in the NYN as told through our members.

Yours in Service
