Literature Coordinator Report for AWSC Meeting September 24, 2016

I ordered literature and literature table racks for Hope House, a teen rehab center in Albany and will try to get these items to the people chairing the September Al-Anon meeting there so they can set up the racks. There already is an AA rack in the conference room there and thought a rack of Al-Anon literature would be a good pairing. There will be a WSO Literature conference call in early October. I plan on participating and will relay any new information that comes out of that to NYN.
