

## Updated Report 2022 August AAPP

Was a busy spring with the recertification process and new amias certification.

I am pleased to say that our annual recertification of the Alateen groups and annual recertification of AMIAS (Al-Anon members in Alateen Service) of NYN Area 39 was completed and submitted to and accepted by the WSO.

We have seven new amias since January 2022 and 11 active alateen groups.

I continue to participate with the Alateen Networking Group (Alateen Interest Meeting), write articles for the Northern HiLight Newsletter, maintain communication with Mary S. (alateen Coordinator), be available for information related to alateen and participate with various committees.

Respectfully Submitted,

Mary Doss
