

LITERATURE COORDINATOR REPORT – Spring Assembly/Convention 2009

I have recently had a communication from WSO regarding the latest news and information about CAL. First, this year's World Service Conference ended the three-year trial for e-CAL and disbanded the e-CAL committee. There was very little interest in this project. Also, be sure to check out CAL's Corner in *The Forum*. The April issue contains an article regarding *As We Understood* (B-11) and the May issue has information and questions for meetings using *Al-Anon's Twelve Steps & Traditions* (B-8).

If there is a piece of CAL literature that has been particularly helpful in your recovery, you can submit your sharing to *The Forum* at the WSO.

The next sample chapter projects are: *How Al-Anon Works* (B-22) which is due back on **July 15** with selected topics posted on the WSO website from October to December and *Alateen-Hope for Children of Alcoholics* (B-3) due **October 15** with selected topics being on the website from January to March 2010.

WSO is looking for ideas for a workshop using *As We Understood* (B-11). It is needed for an October event in one of the Areas.

If you do any type of project using CAL, please let me know so I can forward to the WSO.

I received a literature trivia quiz from WSO. A copy has been included in the DR folders. Maybe you can use for fun at a day of sharing or for door prize questions at a workshop, etc. If you do, let me know. The WSO would like to hear about it.

Yours in Al-Anon Service,
Jean W.
