

Are members in your district in the know?

Help to enrich members' recovery experience in Al-Anon by making sure they are receiving *Group e-News* from the WSO, distributed monthly by e-mail through the person in each group carrying out the service position of Current Mailing Address (CMA).

Fact:

The WSO currently has e-mail addresses for only about half of the groups in the service structure.

To ensure all members in your district are receiving the valuable information contained in *Group e-News*, make sure each group has a CMA with an e-mail address that is registered with the WSO.

Fact:

On average, only 50% of CMAs actually open the e-mail they receive containing the *Group e-News* newsletter.

Talk with your groups about the importance of the CMA role in distributing timely information, like *Group e-News*, to members.

Encourage groups to choose a willing member for the role of CMA.

Fact:

The percentage of members who receive *Group e-News* through their CMA is not known.

Suggest easy ways for CMAs to distribute *Group e-News* to members:

1. By email
 - Create a list of e-mail addresses for interested members.
 - Forward the e-mail containing *Group e-News*, each month, to the list of e-mail addresses.
 - Maintain the list of e-mail addresses when members come and go.
2. By print
 - Print the publication and pass around at meetings.

***Group e-News*
is a resource
for each and every
Al-Anon member**

Each month's *Group e-News* contains news and information on recovery, service, and a better understanding of The Legacies.

Find out if the groups in your district are receiving *Group e-News*, and if the information is making its way to all group members.
