

NYN Web Committee  
September 19, 2015

Web committee is again working on re-designing the NYN AFG website with the following goals:

- A modern look and feel
- Better information organization
- A responsive website (resizes automatically based on the device's screen size)
- The ability to easily update the site

The committee has met twice since the start of the year. The first task was to review other Al-Anon sites with a focus on design and navigation along with content. The outcome was that our site contains a large volume of information. However, it can be difficult to find. We are currently working on the second task, which is content organization based on a specific topic - Professionals, About Al-Anon & How Al-Anon Works, How to Find a Meeting, Area Information, Alateen. Each committee member volunteer to cover one topic. Our deadline is December 1, 2015.

The previous committee had already created a new layout. The images are from Area Al-Anon members. We will be using this layout as our new starting point. The goal is to have a redesigned site to demo at the Spring Assembly in May 2016.

Yours in Service,  
Kathi D
