

On Wednesday, July 18 about six of us AMAIS joined Walt on a conference call to make final changes to the Alateen Guidelines. After these changes are written into the document and double checked they will be reviewed by a lawyer before submission to the WSO.

I have also been checking the NYN Alateen group's updated information from the WSO and I requesting and necessary corrections from the group sponsors.

The most exciting communication has been with a parent in District 7 who is anxious to start an Alateen meeting there. I sent her information about the procedure to do just that. Two days ago, I put all the necessary forms that need to be filled out in the mail. I am hoping to hear about the progress of this endeavor before the fall assembly.

Respectfully submitted, Sandy A.
