Group Records Coordinator Report

Once again I would like to address the importance of keeping the lines of communication open between the groups, the Districts, the Area and WSO.

Does your group receive mail from WSO?

Does your group receive email from WSO?

If your answer to either of these questions is "no" then chances are that the CMA or the email address listed with WSO is incorrect.

My records for New York North show that we have 10 groups with bad mailing addresses.

Our records also show that we have 23 bad email addresses.

If your contact information or meeting information is not up-to-date your group could be missing out on welcoming an out of town visitor or a newcomer.

I would really like to get these errors corrected.

Your DR can look up your group's information for you to verify or you can contact me and I can check for you. DR's can look up group information by going to AL-ANON.INFO/ONLINEGROUPRECORDS.

DR's can use their AFG Connects UserName and Password to access the site.

To correct or update any information go Al-Anon.org then Member then Group Resources then Group Records. There you can complete an update form that will come directly to me.

I have printed out the information of groups with contact errors and will try to pass on the groups in need of updating to GR's or DR's while we are at the Assembly.

Yours in Service,

Pat M.
