2021 WSC

Electronic Meetings became Groups

Created a new area Global Electronic Area (GEA)

Home for all registered Electronic Groups

During covid physical meetings went electronic

Some meetings came back to just in person, some hybrid and some decided to stay meeting electronically

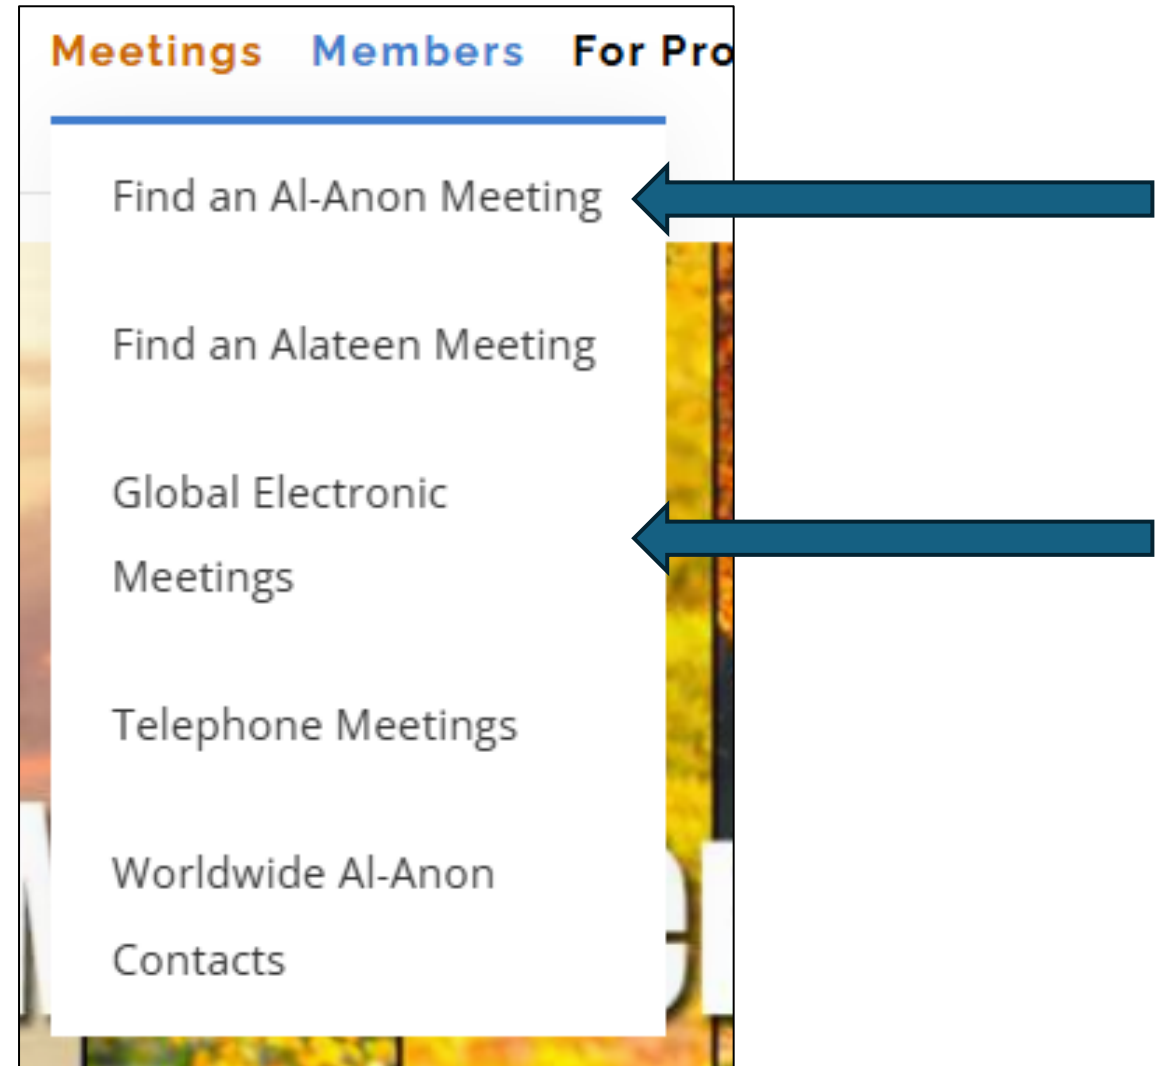

Temporary Electronic Groups registered as a physical meeting and still part of NYN not assigned to GEA

Electronic Groups want to stay connected to physical areas

WSO needs to know where to put electronic groups

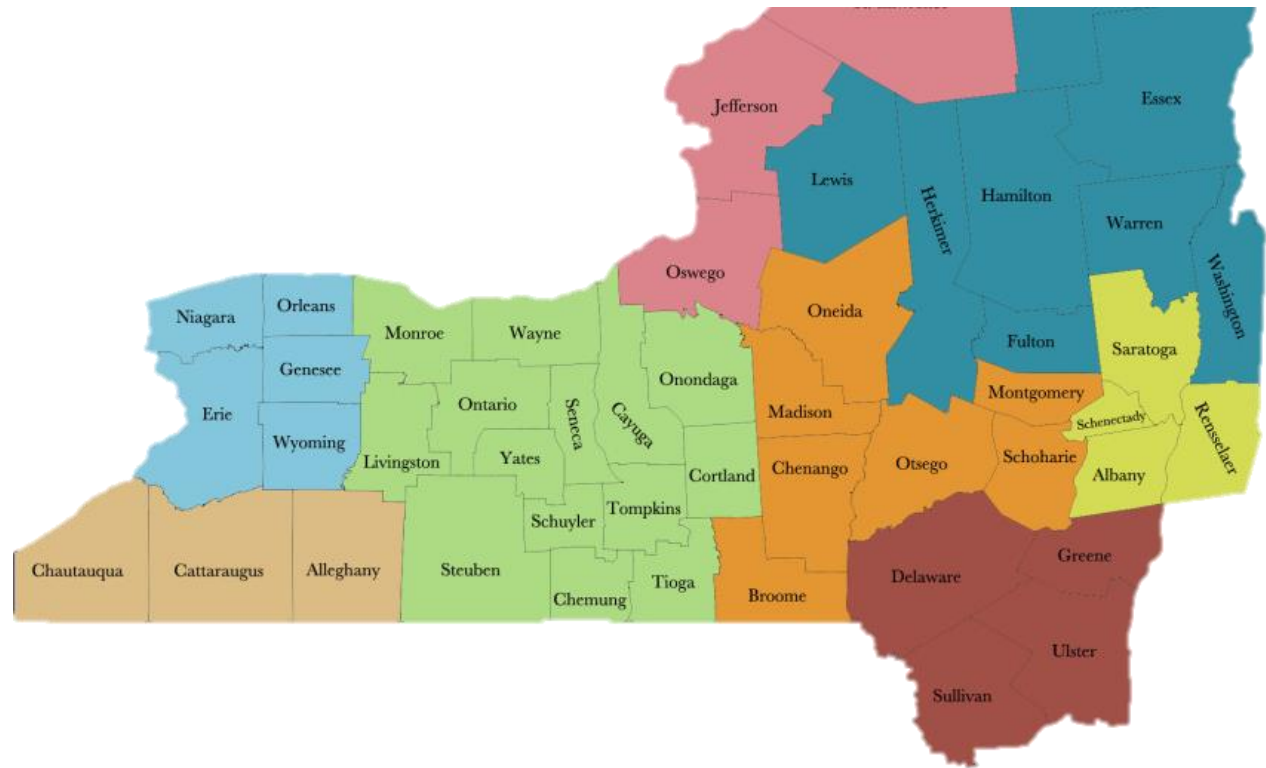

Area has to decide if they can be part of the Area Structure

WSO asked all the areas to make that decision

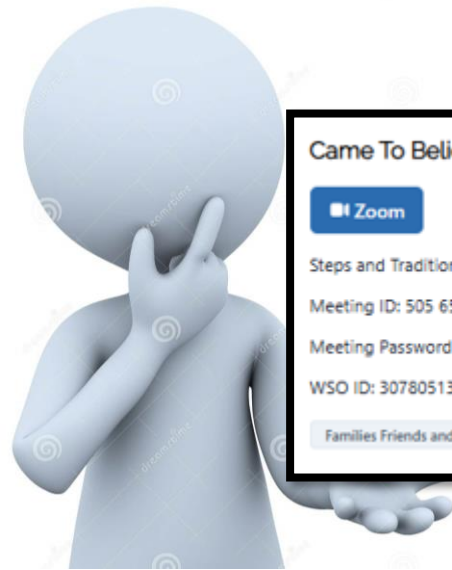

New York North

Are we going to accept electronic groups into our
Geographic Area?

What District will they belong to?

How do we include the GR's in our Assemblies?

Task Force to Accept Electronic Groups

- Follow KBDM model to answer the first part of the question – should we accept electronic groups?
- Suggest changes to our Area Policies (Guidelines) to allow Electronic Groups into our geographical structure and participate in our Assemblies
- That is on the Agenda for GRs to discuss and decide today.

Holes in our Circles of Support

- Groups contracted but not our service structure did not – we have holes - unfilled service positions
- 28 Districts but only 14 DRs (Many groups lack GRs)
- Secretary position vacant
- IPD is also the Treasurer (short one officer position)
- Alateen Coordinator position vacant
- Public Outreach Coordinator position vacant
- Considering need for Technology Coordinator
- Same or more demands with fewer people -beware of the holes

What will attract others into service?

Do our best with what we have
and remember to ask for help.

Presume Goodwill and be supportive.

- This includes transcription features for web conference meetings.
- This approach is designed to protect personally identifiable information and the confidential nature of our meetings.
- The WSO staff will continue its investigation into how to safely utilize the technology to improve efficiency while protecting our fellowship from harm.

Choosing a Group's Name

- Is the name welcoming and clear to the newcomer?
- Does the name exclude certain members or new members?

Digest of Al-Anon and Alateen Policies

The “Digest of Al-Anon and Alateen Policies” reflects policy statements that grew out of questions and experiences from the Al-Anon fellowship worldwide. They are interpretations of our basic guides, the Twelve Traditions and the Twelve Concepts of Service.

Table of Contents

Choosing a Group’s Name.....1

Choosing a Group’s Name

When choosing an Al-Anon or Alateen group name, consider the welcoming and comforting focus of Tradition Five. Anyone affected by someone else’s drinking is welcome at an Al-Anon meeting. It is vital that group names are inviting, attractive, and avoid public controversy. Our spiritual growth has its roots in the principle of anonymity, to enhance the sense of belonging and unity.

A group’s name may be a person’s first impression of Al-Anon. Consider the lasting impact the group name can have on newcomers, members, the public, and professionals. The group’s name and meeting information may appear on local meeting lists, printed materials, websites, as well as other venues for sharing public information. (see “Publicizing Meeting Locations” in the “Policies” section of this *AlAnon/Alateen Service Manual*).

Members weigh the guidance of the spiritual principles found in the Twelve Traditions when choosing a group name:

- Common welfare and unity for the greatest number in Al-Anon
- Al-Anon does not affiliate with or endorse any outside enterprise, such as, other Twelve Step groups, self-help groups, religious groups, rehabilitation facilities, or commercial businesses.
- The only requirement for membership in Al-Anon is that there be a problem of alcoholism in a relative or friend.
- The name does not affect another group, Al-Anon, or A.A. as a whole.
- Al-Anon has no opinion on outside issues.

The Policy Committee and the World Service Conference have delegated authority and responsibility to the WSO for reviewing proposed group names for adherence to Al-Anon policies and principles.

(See additional guidance found in the “Al-Anon and Alateen Groups at Work” section.)

Implementing the policy change on Choosing a Group's Name

- WSO will only register new groups and update existing group names only when their name does not contain community-identifying designations.
- **Guide groups who currently have names containing community-identifying designations to consider removing the designations from their names and using the “participants/attendees” field for community identification.**
