

New York North **Newsletter Coordinator** Report

First Name: Wendy Last Name Initial: L. Date: 9/17/2025

Specify Which Report: **Fall AWSC and Assembly**

We are going forward sending out almost all the newsletters by email. There are currently only seven people getting it by U.S. Post. Our printing and postage costs are thereby much reduced, as is my workload getting the physical copies printed, stamped and out the door. The suggested donation to cover a paper mail subscription has been raised to \$20, (\$2 per issue). I am working on the language for an insert to remind subscribers when their paper copy subscription is up for renewal. This fall I mean to pay more attention to what other areas are doing in their newsletters, to see what might be helpful.

With respect,

Wendy L.
